

Sarthak Guleria

Payments & Product-leaning Generalist

Delhi, India

LinkedIn | Email

Professional Summary

Payments and product-leaning generalist with 4+ years of experience across growth, product execution, and ecosystem operations in web3 and fintech-adjacent environments. Experience designing incentive systems, managing user feedback loops, and supporting financial products at scale. Seeking product or product operations roles in payments and financial platforms.

Experience

MilkyWay Zone — Remote

Product / PM – Core Contributor *(Internal Promotion)*

May 2025 – Present

- Designed and iterated incentive and points programs aligned with user behavior and ecosystem constraints.
- Worked with founders and engineers on product direction, roadmap inputs, and execution.
- Translated user feedback and ecosystem signals into actionable product decisions.
- Coordinated cross-functional teams and partners during launches and iteration cycles.

Growth & Marketing Contributor

Feb 2024 – May 2025

- Drove early ecosystem traction during MilkyWay's formative phase.
 - Owned social execution as temporary social media manager across core channels.
 - Executed high-impact community and growth campaigns supporting user adoption.
 - Built structured feedback loops later used in product and incentive design.
-

Composable Finance — Remote

Community Manager & Marketing Strategist

Dec 2021 – Feb 2024

- Owned community operations and feedback channels as the primary user-facing interface.
- Synthesized user insights for product, engineering, and ecosystem teams.

- Supported launches, upgrades, and cross-chain product initiatives.
 - Scaled user engagement while maintaining trust during volatile periods.
-

Advanced Blockchain AG — Remote

Community Manager

Dec 2021 – Apr 2022

- Set up and moderated community channels across platforms.
 - Supported social media growth and product announcements.
-
